PREBLE STREET

Financial Statements

June 30, 2011 and 2010
Independent Auditor’s Report

To the Board of Directors of
Preble Street

We have audited the accompanying statements of financial position of Preble Street (the Organization) as of June 30, 2011 and 2010, and the related statements of activities, functional expenses and cash flows for the years then ended. These financial statements are the responsibility of Preble Street's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Preble Street as of June 30, 2011 and 2010, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated November 29, 2011, on our consideration of Preble Street’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audits.

Runyon Kersteen Ouellette

November 29, 2011
South Portland, Maine

DESCRIPTION OF PURPOSE

Preble Street is a nonprofit corporation whose mission is to provide accessible, barrier free services to empower people experiencing problems with homelessness, housing, hunger, and poverty, and to advocate for solutions to these problems.

Resource Center
Provides a drop-in center for adults and families, offering essential services, such as phone, mail, and showers to approximately 400 adults a day; as well as casework support, referrals, and advocacy to empower people to move beyond homelessness, such as housing, healthcare, employment, mental health and substance abuse services, and legal assistance.

Teen Services
Teen Center provides drop-in services 365 days per year to meet basic needs, such as meals, clothing, and showers of homeless youth, ages 12-20. Caseworkers and on-site collaborative partners also provide and/or connect youth to housing, healthcare, mental health, substance abuse, educational/vocational, and legal resources.
Lighthouse Shelter provides 16 overnight emergency beds 365 days per year for homeless youth, ages 12-20.

Food Programs
Soup Kitchens operate at the Resource Center, Teen Center, and Florence House, to serve nutritious meals 3 times a day, 365 days per year (approximately 1,000 meals a day) to children and elders, individuals and families living in poverty.
Food Pantry distributes emergency grocery meals to 390 low-income individuals every week.

Florence House
Provides comprehensive housing and services for 65 chronically homeless women, including efficiency apartments and semi-private units with support to assist tenants to maintain permanent housing; and temporary emergency shelter, basic needs, support, referrals, and advocacy for women experiencing episodic homelessness.

Logan Place
Provides 24-hour support services at a 30-unit efficiency apartment building to assist tenants in developing skills to transition from chronic homelessness and maintain permanent housing.

Community Casework
Supports residential stability for formerly homeless tenants of local mixed-income housing developments, works with the Homeless Mobile Emergency Response team, and provides homelessness prevention and rapid re-housing services throughout Greater Portland.

Advocacy
Homeless Voices for Justice advocates on an individual and systems basis with and for people who struggle with homelessness, poverty, and oppression statewide.
Maine Hunger Initiative works to strengthen Maine's emergency food system, help community emergency food providers introduce best practices for effectiveness and viability, and provide input into state and national policy to end hunger.
Food for Maine Families
Preble Street was the lead agency in this one-time public-private partnership with DHHS/OIAS and Hannaford Supermarkets. With Temporary Assistance for Needy Families (TANF) funding and a grant from Hannaford, the project purchased $100 food cards from Hannaford for redemption at affiliated grocers throughout Maine, providing a food supplement to 13,500 eligible Maine families with dependent children.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statement presentation follows the provisions of the Not-for-Profit Entities: Revenue Recognition topic and the Presentation of Financial Statements topic of the FASB Accounting Standards Codification. Under these provisions, net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of Preble Street, and changes therein, are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that may or will be met either by actions of Preble Street and/or the passage of time. Preble Street has elected to report all temporarily restricted assets with restrictions which are met within the same fiscal period, as unrestricted net assets.

Permanently restricted net assets – Net assets subject to donor-imposed stipulations that the principal be maintained permanently by Preble Street. Generally, the donors of the assets permit Preble Street to use all or part of the income earned on related investments for general or specific purposes.

Basis of Accounting - The financial statements are prepared on the accrual basis of accounting, which is in accordance with accounting principles generally accepted in the United States of America. Consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Revenue Recognition - All public support and revenue is considered to be available for unrestricted use unless specifically restricted by the donor. At its discretion, the Board of Directors may designate funds for specific purposes. Such board-designated funds are shown as a segregated portion of unrestricted net assets on the statements of financial position.

Cash - For the purposes of the statements of cash flows, Preble Street considers all checking and savings accounts to be cash.

Accounts and Grants Receivable - Preble Street primarily operates in the Portland, Maine area and receives various governmental grants and contracts to provide services in this area. All amounts receivable are considered fully collectible, therefore an allowance for doubtful accounts is not considered necessary.

Inventory - Inventory consists of donated and purchased food, beverages, and supplies and is stated at fair value as of the date of donation, using the first in-first-out method. For purchased goods, inventory is stated at the lower of cost or market.
SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Property and Equipment - Property and equipment with a value of $500 or more is capitalized at cost if purchased, or fair value at the date of the gift if donated, and is recorded as an addition to unrestricted net assets. Expenditures for minor additions are charged to expense when incurred. Depreciation is being provided using the straight-line method over the estimated useful lives of the related assets (buildings: 35 to 40 years; major improvements: 20 to 35 years; vehicles: 5 years; computers: 3 to 5 years; and other equipment: 5 to 10 years).

Indirect Costs - Preble Street allocates indirect costs to programs in accordance with a cost allocation plan, which is based on several methods that determine each program’s use of indirect costs.

Grants and Contributions - Grants and contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Income Taxes - Preble Street is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to Preble Street’s tax-exempt purpose may be subject to taxation as unrelated business income. In addition, Preble Street qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2) of the Code.

Preble Street follows the provisions of Accounting for Uncertainty in Income Taxes as provided for in the Income Taxes topic of the FASB Accounting Standards Codification. This statement clarifies the criteria that an individual tax position must satisfy for some or all of the benefits of that position to be recognized in an entity’s financial statements. It also prescribes a recognition threshold of more likely-than-not, and a measurement attribute for all tax positions taken or expected to be taken on a tax return, in order for those tax positions to be recognized in the financial statements. There was no cumulative effect on Preble Street’s financial statements related to these provisions, and no interest or penalties related to uncertain tax positions were accrued. Preble Street is currently open to audit under the statute of limitations by the Internal Revenue Service and state taxing authorities for the years ended June 30, 2008 through 2011.

Reclassifications - Certain reclassifications have been made to the 2010 financial statements to conform to the 2011 presentation. Such reclassifications had no effect on the results of operations as previously reported.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CONCENTRATION OF CREDIT RISK

Cash balances were held in accounts at various financial institutions during the years ended June 30, 2011 and 2010. As of June 30, 2011 and 2010, Preble Street’s accounts at each such institution were insured by the Federal Deposit Insurance Corporation at levels set by applicable statute and regulation. At June 30, 2011 and 2010, Preble Street had uninsured cash balances of $53,749 and $0, respectively.
During the year ended June 30, 2009, Preble Street initiated a campaign to raise funds for the food pantries across the State of Maine. A portion of the funds raised for this purpose were then remitted to the United Way of Greater Portland in a grant with the restriction that the funds were to be distributed to food pantries across the State. Additional funds were then remitted by Preble Street as grants to food pantries within Cumberland County. Total funds raised related to this campaign amounted to $120,000, all of which has been granted to others. The remaining portion of the unspent funds, which amounted to $0 and $7,688 at June 30, 2011 and 2010, respectively, is included in temporarily restricted net assets.

PLEDGES RECEIVABLE

In fiscal 2007, Preble Street launched its Home for Good campaign, aimed at raising funds to finance the Florence House for women and capacity building initiatives for the Organization as a whole. Contributions to this campaign came from foundations and long time supporters of the Organization and are considered fully collectible. As a result, no allowance for uncollectible pledges is considered necessary. Total pledges receivable for all campaigns, net of unamortized discount, are summarized as follows at June 30:

<table>
<thead>
<tr>

</table>

CONDITIONAL PROMISES TO GIVE RECEIVABLE

In June, 2011 the United Way of Greater Portland committed to provide funding to Preble Street for the fiscal year ending June 30, 2012. As this commitment carries certain conditions, the likelihood of non-fulfillment of which has been estimated by Preble Street to be more than remote, the value of this commitment has not been recorded as a receivable nor as support as of June 30, 2011, in accordance with the Not-for-Profit Entities: Revenue Recognition topic of the FASB Accounting Standards Codification. The amount of this conditional promise to give is $371,483. Should the corresponding conditions be fulfilled, this amount is due to be paid to Preble Street in full during the fiscal year ending June 30, 2012.

In December, 2007 the Kresge Foundation approved a special conditional grant to Preble Street in the amount of $1,000,000 to be paid out in equal installments over the next five years, and to be used to further the capacity building initiatives of the Organization. The grant carries certain conditions that must be met each year to receive the funding. The private foundation reserves the right to discontinue, modify, or withhold any payments that might otherwise be due under the grant, if in their judgment certain conditions are not met. Preble Street has assessed the likelihood of non-fulfillment associated with the grant conditions as more than remote, and therefore records the funding as support as it is received. Through June 30, 2011 a cumulative total of $800,000 had been received against this conditional grant. The remaining $200,000 is expected to be received during the year ending June 30, 2012.
INVESTMENTS

Investments are carried at fair value and consisted of the following at June 30:

<table>

BENEFICIAL INTEREST IN PERPETUAL TRUST

Preble Street received a donation in 1997 from a donor who wished to establish an endowment fund for Preble Street to assist low income individuals achieve employment and self sufficiency. This fund was established through an agreement with the United Way of Greater Portland Foundation. It is known as the Preble Street Resource Center Self Sufficiency Endowment Fund.

The United Way of Greater Portland Foundation manages and oversees the investment of the assets of the fund. The Preble Street Board of Directors has sole discretion as to the use of the distributable income each year. Each year, the distributable income is equal to 4.5% of the average portfolio value of the Fund over the prior three years. If the fund’s value exceeds $100,000, the Preble Street Board of Directors may elect to expend more than the income generated in a specific year, provided the balance of the fund does not fall below the $100,000 level as a result of the withdrawals. As of June 30, 2011 and 2010, the balances in this account were $137,987 and $114,657, respectively.

ENDOWMENT

As noted earlier, at June 30, 2011 and 2010, Preble Street was the sole beneficiary of a perpetual trust held and administered by a not-for-profit organization. Though Preble Street does not have access to the underlying assets held in this trust, nor control over the management thereof, provisions of the trust instrument do provide Preble Street with the ability to exercise discretion as to the amounts to be drawn from this trust each year. Accordingly, Preble Street’s interest in this trust is deemed to meet the definition of a donor-restricted endowment, the purpose of which is to provide investment income and gains to further various activities of Preble Street, per donor intent. Additionally, Preble Street held $1,497,120 and $1,136,180 in its board-designated endowment at June 30, 2011 and 2010, respectively. As noted earlier, this fund was established by the Board through unexpended capital campaign proceeds, and is held by the Board to provide for additional financial stability for the Organization as a whole. At its discretion, the Board may elect to change its policy with regard to these funds if it deems future circumstances warrant such a change.

Preble Street has adopted the provisions of the Not-for-Profit Entities: Reporting Endowment Funds topic of the FASB Accounting Standards Codification. Under these provisions, Preble Street is required to provide the following disclosures relating to its endowment activities.
ENDOWMENT

Relevant Law - Preble Street conducts its activities primarily in Portland, Maine, and accordingly, considers itself bound by the version of the Uniform Prudent Management of Institutional Funds Act ("UPMIFA") adopted by the State of Maine’s legislature. In accordance with that statute, Preble Street has interpreted State law to require all realized and unrealized gains and losses on permanently restricted investments to be temporarily restricted net assets until appropriated by the Board of Directors. Accordingly, except for explicit donor stipulations specifying reinvestment of some or all of net appreciation (depreciation), net appreciation (depreciation) on permanent endowment investments is reported as increases (decreases) in temporarily restricted endowment investments until appropriated by the Board, in accordance with the donor’s stipulations, if any, concerning the purposes for which ordinary income may be used.

Endowment Spending Policy - The responsibility of setting the spending policy for the endowment shall rest with the Executive Committee of the Board of Directors, subject to the approval of the entire Board of Directors. The amount available to help meet the annual operating needs of Preble Street shall be based upon the following principles:

- No portion of the endowment fund will be spent until the value of the pool equals or exceeds $1,000,000 at the end of the fiscal year.
- Thereafter, the endowment funds can be spent up to an annual cap calculated at five percent of the average total fund value, as of the end of each of the immediately preceding four fiscal years, net of fees and all other expenses. For purposes of calculating this four-year average, fiscal years before which the net value of the funds was not at $1,000,000 as of the end of the fiscal year, shall be ignored.
- This is a maximum amount and Preble Street can elect to spend less should it choose to do so.

Endowment Investment Policy - The primary objective of Preble Street’s endowment fund is to provide, over time, an increasing flow of real income (as defined by the spending policy) to help support the annual operating budget of Preble Street. The investment policy is directed toward maximizing such a flow of income, measured in terms of total return balanced against prudent risks, over the long term.

The overall investment philosophy will be moderately conservative, allowing for equity investments but with a relatively low level of risk tolerance. Both equity and fixed income investments will be prudently diversified with a blend of equities, bonds, and cash being recommended by the investment committee. All long range investments of the endowment fund will consist of either cash or publicly traded securities.

Preble Street’s endowment balances were comprised of the following as of June 30, 2011:

<table>

ASSETS MEASURED AT FAIR VALUE ON A RECURRING BASIS

In accordance with the *Fair Value Measurement and Disclosure* topic of the FASB Accounting Standards Codification, Preble Street is required to disclose, for its assets and liabilities measured at fair value on a recurring basis, the sources and types of information, known as inputs, used to determine those fair value measurements.

*Level 1:* Level 1 inputs are quoted prices in active markets for identical assets and liabilities that an entity has the ability to access at a measurement date. *Level 2:* Level 2 inputs are inputs other than quoted prices that are observable for the specific asset or liability, either directly or indirectly. *Level 3:* Level 3 inputs are unobservable inputs for the asset or liability in which little or no market activity is available for the asset or liability at the measurement date.

The reported values of assets measured at fair value on a recurring basis are categorized as follows at June 30, 2011 and 2010, with such valuations all based on readily available market prices for the respective assets, with the exception of the perpetual trust beneficial interest, which is valued based on readily available market prices for the underlying assets held by that trust.

LINE OF CREDIT

Preble Street has a line of credit arrangement with a local bank with a maximum borrowing limit of $50,000. Interest is payable monthly on all outstanding advances at a rate equal to prime plus 0.5% (equal to 3.75% at both June 30, 2011 and 2010). This agreement requires an annual clearance period of 30 days, during which the outstanding balance must be brought to and maintained at $0. At both June 30, 2011 and 2010, there were no amounts outstanding on this line of credit.

OBLIGATION UNDER OPERATING LEASE

Preble Street leases a building which is used to house its Lighthouse Shelter program in Portland under the terms of a non-cancellable operating lease which expired on May 31, 2010. Though a renewal of this lease has not been formalized, rental payments continue to be made on a month-to-month basis.

During the year ended June 30, 2010, Preble Street entered into a non-cancellable operating lease for the safe haven and shelter portions of the building that houses Florence House. The agreement calls for monthly rental payments of $6,055, adjusted annually to reflect changes in the facility’s operating expenses, and a term of 30 years. As of June 30, 2011 future minimum operating lease payments amounted to the following:

<table>
<thead>
<tr>
<th>Year</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>

<td><strong>$2,105,976</strong></td>
</tr>
</tbody>
</table>
OBLIGATION UNDER OPERATING LEASE, CONTINUED

During the year ended June 30, 2010, Preble Street entered into a one year operating lease for the use of staff office space. The lease agreement calls for monthly payments of $470 and after a one year term, provides for a month to month option. The one year term expired August 30, 2010 and is being extended on a month to month basis. During the same fiscal period, Preble Street entered into a six month lease, calling for monthly payments of $370, with a monthly extension option for additional office space for staff. As of June 30, 2011, rental payments continue to be made on both leases utilizing the monthly extension option.

During the years ended June 30, 2011 and 2010, total rent expense incurred by Preble Street related to these agreements amounted to $86,608 and $56,105, respectively.

Preble Street is a party to two operating leases by which it obtained the use of certain vehicles. This agreement calls for minimum required monthly rental payments ranging from $356 to $489. As of June 30, 2011 future minimum operating lease payments under these agreements amounted to the following:

<table>
<thead>
<tr>
<th>Year</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>2012</td>
<td>$ 7,697</td>
</tr>
<tr>
<td>2013</td>
<td>4,272</td>
</tr>
<tr>
<td>2014</td>
<td>3,204</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>$15,173</strong></td>
</tr>
</tbody>
</table>

Total vehicle rent expense under these agreements amounted to $9,870 for the year ended June 30, 2011.

CONTINGENCIES

Preble Street participates in various intergovernmental grant programs that may be subject to future program compliance audits by the grantors or their representatives. Accordingly, Preble Street's compliance with applicable grant requirements may be established at some future date. The amount, if any, of liabilities arising from the disallowance of expenditures or ineligibility of grant revenues cannot be determined at this time.

PENSION PLAN

Preble Street participates in a tax deferred investment plan under section 403(b) of the Internal Revenue Code. Eligible employees are able to defer salary and participate in the employer match portion of the plan. Total retirement expense under this plan for the years ended June 30, 2011 and 2010 was $10,680 and $10,470, respectively.
RESTRICTIONS AND LIMITATIONS OF NET ASSET BALANCES

Temporarily restricted net assets consisted of the following at June 30:

<table>
<thead>
<tr>
<th></th>
<th>2011</th>
<th>2010</th>
</tr>
</thead>
<tbody>
<tr>
<td>Food for Maine</td>
<td>$</td>
<td>7,688</td>

</tr>
</tbody>
</table>

RESTRICTIONS AND LIMITATIONS OF NET ASSET BALANCES

Permanently restricted net assets consisted of the following at June 30:

<table>
<thead>
<tr>
<th></th>
<th>2011</th>
<th>2010</th>
</tr>
</thead>
<tbody>
<tr>
<td>Beneficial interest in perpetual trust with income restricted for self sufficiency efforts</td>
<td>$137,987</td>
<td>114,657</td>
</tr>
</tbody>
</table>

As previously discussed, Preble Street has a board-designated endowment fund. At June 30, 2011 and 2010, these board-designated net assets amounted to $1,497,120 and $1,136,180, respectively.

NET ASSETS RELEASED FROM RESTRICTIONS

The sources of net assets released from temporary donor restrictions by incurring expenses satisfying the restricted purposes or by occurrence of events specified by the donors were as follows for the years ended June 30:

<table>
<thead>

DONATED SERVICES AND GOODS

During the years ended June 30, 2011 and 2010, certain goods and professional services were donated to Preble Street. The estimated fair values of these goods and professional services totaling $1,023,953 and $850,507 for 2011 and 2010, respectively, have been reflected in the accompanying financial statements as public support with a like amount included in expenses as donated services and goods, food commodities, and food and program expenses.

The value of nonprofessional, donated services is not reflected in the accompanying financial statements as these services do not meet the criteria outlined in the Not-for-Profit Entities: Revenue Recognition topic of the FASB Accounting Standards Codification. However, a substantial number of nonprofessional volunteers have donated significant amounts of their time in support of Preble Street’s programs. The estimated fair value of the nonprofessional donated services was $458,625 in 2011 and $337,260 in 2010.

OTHER ECONOMIC CONCENTRATIONS AND RISKS

Approximately 44% of Preble Street’s annual funding, other than in-kind goods and services, is provided through various local, state and federal governmental grants and contracts. Any significant reduction in this funding could affect Preble Street’s ability to fulfill its mission.

As detailed previously, Preble Street invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

As noted on the statements of activities of these financial statements, Preble Street experienced a deficit of ($325,647) for the year ended June 30, 2011. This deficit was planned by management and the Board of Directors and was the result of program expansion to three meals per day at the Resource Center and investing resources in the Maine Hunger Initiative. Preble Street had built surplus funds in prior years in anticipation of this organizational growth.

OCCUPANCY COSTS

In February 1994, Preble Street purchased property located on Oxford Street. In January 2002, Preble Street purchased another property at 343 Cumberland Avenue. Preble Street renovated both of these properties in fiscal years 2003 and 2004. All renovations were completed by November 2003 and these facilities now house Preble Street’s programs as well as various other social welfare programs provided by other nonprofit and governmental agencies. These agencies are tenants-at-will and pay monthly stipends to help support the costs of occupying the facilities. During the years ended June 30, 2011 and 2010 these stipends totaled $37,200 and $45,200, respectively.
OCCUPANCY COSTS, CONTINUED

Net occupancy related costs consisted of the following at June 30:

SUBSEQUENT EVENTS

In accordance with the Subsequent Events topic of the FASB Accounting Standards Codification, management has evaluated subsequent events for possible recognition or disclosure through November 29, 2011, which is the date these financial statements were available to be issued.

In August, 2011 Preble Street entered into a purchase and sale agreement totaling $975,000 on a building for the purposes of expanding and relocating the Lighthouse Shelter. The Preble Street Board of Directors has embarked on a capital campaign to fund the purchase.
